Act or any rule made there under and is likely to maintain accuracy over periods of sustained use and to render accurate service under varied conditions, issue a certificate of approval in respect of that model.

(8) Every certificate of approval of a model shall be published in the Official Gazette and shall also be published in such other manner as the Central Government may think fit.

(9) The Central Government may, if it is satisfied that the product made or manufactured in accordance with the model which was approved by it has failed to render the expected performance or to conform to the standards established by or under this Act, revoke the certificate of approval issued by it under sub-section (7) :

Provided that no such revocation shall be made except after giving the manufacturer of such weight or measure a reasonable opportunity of being heard :
Provided further that where the Central Government is satisfied that as a result of the alteration made by the manufacturer in the model of the weight or measure, such model has become fit for approval, it may vacate the order of revocation of the certificate of approval issued by it.

(10) If for any reason any material of the approved model of a weight or measure to which this Part applies becomes non-available in India, the manufacturer may continue the manufacture of such weight or measure with such substitute materials as may be, in his opinion, most suitable for the manufacture of such weight or measure but where the manufacturer does so, he shall send such substitute materials to the prescribed authority for test.

(11) If the prescribed authority is of opinion that the substitute material referred to in sub-section (10) is not suitable and that there is available in India any other material which is more

suitable, that authority shall intimate its findings to the Central Government and also to the manufacturer, and thereupon the manufacturer shall not manufacture the weight or measure with any material other than the material recommended by the prescribed authority, until the material which was originally approved by the prescribed authority becomes available in India :

Provided that where, in the opinion of the prescribed authority, the substitute material referred to in sub-section (10) is not suitable and no other suitable material is also available

in India, the approval in relation to the model shall stand suspended until a suitable material becomes available in India.

(12) Where the model of any weight or measure to which this Part applies has been approved, the models of different denominations of such weight or measure shall not require any approval if such denominations are manufactured in accordance with the same principles according to which, and the same materials with which, the approved model has been manufactured.

- (b) distribute, deliver, or cause to be distributed or delivered; or

- (i) the identity of the commodity in the package;
- (ii) the net quantity, in terms of the standard unit of weight or measure, or the commodity in the package;

Explanation- In this sub-section, the expression 'unit sale price' means the price according to such unit of weight, measure or number as may be prescribed.

(2) Every package to which this Part applies, shall bear thereon the name and address of the manufacturer. If manufacturer is not the packer, then name and address of the packer shall be given.

(3) Where the package of a commodity to which this Part applies or the label thereon bears a representation as to the number of servings, of the commodity continued therein, such package or label shall also bear a statement as to the net quantity (in terms of weight, measure or number) of each such serving.

(4) The statement on a package or label as to the net weight, measure or number of the contents thereof shall not include any expression which tends to qualify such weight, measure or number:

Provided that the Central Government may, by rules, specify the commodities, the weight or measure of which is likely to increase or decrease beyond the prescribed tolerance limits by reason of climatic variations; and it shall be lawful for the manufacturer or packer of the commodity so specified to qualify the statement as to the net content of such commodity by the use of the words 'when packed'.

Explanation.--The words 'when packed' shall not be used in any case except a case to which the proviso to sub-section (4) applies.

(5) Where the Central Government has reason to believe that there is undue proliferation of weight, measure or number in which any commodity is, or reasonably comparable commodities are, being packed for sale, distribution or delivery and such undue proliferation impairs in the opinion of that Government, the reasonable ability of the consumer to make a comparative assessment of the prices after considering the net quantity or number of such commodity, that Government may direct the manufacturers and also the packers or distributors to sell, distribute or deliver such commodity in such standard quantities or number as may be prescribed.

(6) Whenever the retail price or quantity of a commodity in packaged form to which this Chapter applies, is stated in any advertisement, there shall be included in the advertisement a conspicuous declaration as to the net quantity or number of the commodity contained in the package or the retail sale price thereof respectively.

No person shall sell, distribute or deliver for sale a package containing a commodity which

filled less than the prescribed capacity of such package except where it is proved by such person that the package was so filled with a view to--

- (a) giving protection to the contents of such package, or
- (b) meeting the requirements of machines used for enclosing the contents of such package.

(8) The Central Government may, by rules, specify such reasonable variations in the net contents of the commodity in a package as may be caused by the method of packing or the ordinary exposure which may be undergone by such commodity after it has been introduced in trade or commerce.

(9) The Central Government may, by rules, specify the classes of commodities or packages in relation to which all or any of the provisions of this section shall not apply or shall apply with such exceptions or modifications as may be specified therein.
