

When Buying Property

- Ascertain whether the concerned builder/ realtor have obtained C. L. U. (Commercial Land Use certificate) or permission letter from the competent authority of the area where he is setting up the Project for sale.
- Do extensive survey about the market rates and negotiate.
- Ascertain and confirm the target completion date.
- Ascertain the date of possession when the property will be handed over to the buyer?
- In case the project has been completed and some of the sites have already been occupied, discuss with them to find out the problems if any being encountered by them.
- Discuss about the penalties for delays in payment, possession etc.
- Carefully study the cost escalation clauses, cancellation policies and payment refund procedure.
- The site plan should clearly define about provision of gardens, Public utilities, Electricity, Roads, Water and Sewages etc.
- Ascertain whether the buyer will have to pay any extra charges for the above mentioned facilities.
- When buying property from the developer check carpet area, built-up area and super built up area, payment terms, schedule of payments and also study complete technical specifications of the design and material etc.
- Ensure that the design offered is earthquake resistance.
- Always insist for complete original documents and check the ownership title of the Property to be purchased, Certificate of non-encumbrance (i.e. free from any dispute), certificate of all dues including municipal taxes, electricity, water and sewage etc. paid.
- Make sure that the seller has paid all taxes associated with the property till date. Ask for the recent tax paid receipts from the seller.
